

Liberty Center One's comprehensive live migration process runs smoothly behind the scenes, getting you on the cloud without a hassle or headache. Our experienced cloud migration specialists are with you every step of the way, ensuring your move to the cloud is a success.

-  **No downtime.**
-  **No data loss.**
-  **No disruptions.**

Liberty's 5-STEP White Glove Cloud Migration Process

-  **IDENTIFY** which workloads will be moving to the cloud. We work with your team to assess which workloads are ready to be migrated and how your team will access them.
-  **CREATE** a secure cloud environment for your company. Liberty cloud engineers right-size your cloud environment to ensure maximum performance.
-  **REPLICATE** data from your sources to the cloud. We start syncing data in the background without disrupting your daily business operations.
-  **TEST MIGRATION** is performed in the background. Unlimited test migrations can be run to make sure everything works as expected, with no impact to production.
-  **FINAL MIGRATION** is performed to minimize downtime and business impact. Liberty has performed thousands of successful live migrations with our proven process!
